

Skim Files - OR -**DST files Parallelized with Slurm** monitorRead.groovy * see slurm*.sh scripts outmon/monitor*.hipo monitorPlot.groovy

General Monitor

Timelines: outmon/*.hipo

Helicity monitors:

- <sinφ_h>
- fraction of events with defined helicity
- relative luminosity

Plan to write 'monitorCut.groovy', which will identify runs with 'bad' helicity

Physics monitors:

- DIS kinematics
- Pion kinematics
- etc.
